INFORMATION REGARDING THE HUSBAND-AND-WIFE PENSION

If you are legally married as of your Annuity Starting Date, the Pension Plan requires that your pension be paid in the form of a Husband-and-Wife Pension unless you have filed a timely election to waive that form of payment and your spouse has consented, in writing, to such waiver.

The Husband-and-Wife Pension is a percentage of the benefit amount payable as a single-life pension which accounts for the life expectancy of both parties. The lower amount payable to the Participant is in exchange for the guarantee that after the Participant's death, the spouse will continue to receive for her lifetime the Participant's monthly benefit at 50%, 75% or 100% depending on the option that the Participant elected at retirement. For example: assume a monthly Regular, Service or Early Retirement benefit of \$2,000.00 payable as a single-life pension (payable for the Participant's lifetime only) and assume a Spouse who is the same age as the Participant. The Pension Plan specifies a Husband-and-Wife Pension which is 95% of \$2,000.00 (different factors apply for Disability Pensions) which equals \$1,900.00 per month while the Participant lives. The month following the Participant's death, the spouse will continue to receive monthly benefit of \$950.00, \$1,365.00 or \$1,740.00 for her lifetime, depending on the option elected at retirement. If your spouse should predecease you, your pension amount will be converted to the amount payable as a single-life pension or \$2,000.00 citing the above example.

You should refer to Article 7 of the Pension Plan for a complete explanation of the terms and conditions affecting the Husband-and-Wife Pension.
